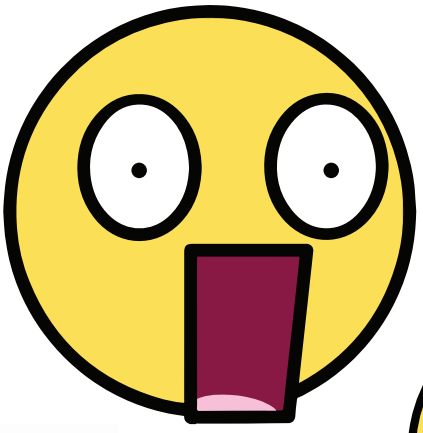
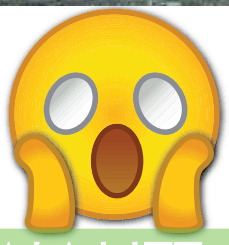
Edition 12
November 2015

This month we built our 50th house



Get out of townnn

Noo, that's a true story! Check it outt!



funded by Lou & Sue Quistini (their 2nd house this year) and feat. Jason's family who all came over from Perth to surprise him!

WAHTT, that's AHMAZZING

A big thank you to our **friend** and return volunteer, Dominique, and all of her friends who continue to raise money in support of VBC!! Dominique is still furiously making and selling cakes and has just transferred us another €1250 which we will put toward buying some equipment to set our warehouse up!

We have also just purchased about 200 bracelets from our local, self-taught, bracelet-making friend, Thary, who makes and sells his bracelets daily from about 4pm on Alley West...

– if you're in Siem Reap, go and check his work out –

...not only does this benefit Thary and his business, but Dominique has done up some fliers and will send the proceeds of what she sells to VBC. Such a great idea, Dominique - **you rock!!**

thank you soooooo much!

OUR WAREHOUSE

335 truckloads of dirt later, our land is finally ready for an awesome ware-house to be built on it! Building will start (and hopefully finish) this month!

A big thank you to Salesforce and all of their employees for making this dream of ours a reality! Also for sending another huge group (their 3rd this year) to build another TWO houses, and tentatively booking another 4 groups for 2016 to build another WHO KNOWS HOW MANY houses! Yoooooo hooooooooo!!!!!!!
